BANCOLOMBIA S.A., COLOMBIA – MEDELLIN (hereinafter referred to as "Client") approves the use by TCS (hereafter referred to as the "VENDOR") of the software licenses procured by Client, on a temporary basis, as detailed in Tables A & B below. The VENDOR understands and confirms that the software licenses will be used only in the execution of the above-mentioned project, including the services rendered from TCS premises, during the period mentioned and at the approved site/s. Usage of Client procured software license beyond the originally agreed upon date / location would be considered as violation of this agreement, unless otherwise approved formally by the Client. The VENDOR also accepts that any inappropriate use of the software license constitutes a violation of the MSA Agreement dated 01/01/2010 executed by and between TCS and the Client.

The VENDOR agrees to remove all existing installations of the software at VENDOR locations upon completion of this Project or end date of this agreement (as mentioned above) and undertakes to release the licenses and other additional items supplied by the Client at the end of the above period. Such removal/ release of licenses supplied by the Client shall be documented as per Appendix A attached to this agreement. Any re-production of the software/media, unauthorized installations, transfer of license to other sites/third parties would be considered as violation of this agreement. The VENDOR undertakes responsibility to track, monitor & report at the end of April and October, each year, the usage of the Client approved Software licenses and non-conformances (if any) until they are acknowledged as 'Released / Returned by the Client as per Appendix A.
